

BRM AVIATION

AERONAUTICAL SERVICES

Since 1996 BRM Aviation buys and sells aircraft either for commercial exploitation as well as to lease to the airlines and pilot's schools

BRM Aviation supplies the following services:

- Search, purchase and import of aircrafts
- Consulting import tax
- Market analysis
- Inspection prior to purchasing
- Making agreements and purchase contracts
- Negotiation of costs
- Advising on the commercial exploitation
- Making agreements and contracts leasing or renting
- Purchase for subsequent leasing
- Advice on maintenance
- Analysis of operating costs
- Contracting of service suppliers
- Search for spare parts
- Lease of engines and other aircraft parts
- Flagging contracts
- Legal advice
- Cancellation of contracts
- Inspection after a devolution of an aircraft
- Airworthiness Certifications approvals

We offer to new airlines and pilot's schools:

- Viability study
- Advise about the best aircraft in a specific business
- Purchase and rental aircraft to new companies to avoid large upfront investments
- Monitoring of airworthiness and maintenance
